## The Multi Agency Risk Assessment and Management Framework (MARAM)

### 4 Pillars to guide organisational alignment

### 10 Principles to guide the service system

To help achieve a shared understanding, the Framework principles support each Pillar and help guide Victoria's family violence system-wide response

Resources relating to the Family Violence Multi-Agency Risk Assessment and Management (MARAM) Framework are available via <https://www.vic.gov.au/maram-practice-guides-and-resources>

These resources include organisational focused resources to support organisational leaders in the process of aligning to MARAM and the MARAM Practice Guides and tools to support professionals to understand their relevant responsibilities under the MARAM framework towards the identification, assessment and ongoing management of family violence risk as it relates to their specific roles.
